

# LOWDHAM NEEDS YOU

## Covid-19 and Flooding provide significant threats

In response to the recent Government direction to stop all non-essential contact, and for vulnerable people to self isolate, we are forming a group to support the Village. There are already several groups who want to help - Lowdham Flood Action Group, Salt and Light Community Support Group, Gonalston Farm Shop, Co-op, Lowdham Corner Store and no doubt many more. We are looking to build on that.

We believe the same structures and communications platforms will support both scenarios.

- We are looking for volunteers to help the elderly and vulnerable.
- We need people to help support isolated folk due to Covid19.
- We need people to help during flooding and with the clear up.
- We are working on behalf of the Parish Council.

**We need more volunteers for a variety of roles to support communications, leaflet drops, database creation, help to those flooded or isolated, website work and checking water courses and drains. If you are prepared to help please express your interest to [lowdhamflag@gmail.com](mailto:lowdhamflag@gmail.com), call / text on 07946 522629, message on WhatsApp or FB Messenger and join the Facebook groups (Lowdham Flood Action Group, The Official Lowdham Village Facebook Group or Salt and Light Community Support Group).**

Whilst we looking to develop a long term voluntary base to help Lowdham we are also working alongside Salt and Light who have set up a wonderful immediate response group who we are co-ordinating with.

**However, in order to identify who is out there that may need help would you please complete the form below and return to me Peter Cross at 24 Main Street or to the Post Office, Lowdham Corner Stores or Station News.**

My name is Peter. I am co-ordinating volunteers to help people self isolating in the village due to COVID-19. We can provide help with following: Just call or text me and we can help (for free).
