## Lowdham Flood Action Group

The aim is to support villagers in becoming more resilient to flooding.  
We will also use it to support villagers through the Covid-19 crisis.

### WE ARE LOOKING FOR VOLUNTEERS TO:

- Help the elderly and vulnerable
- Help support outreach (eg leaflet drops)
- Deliver food and prescriptions whilst isolated
- Help with any post-flooding clean up
- Help people during times of flooding

We are working on behalf of the Parish Council to make Lowdham more resilient to flooding and we have already briefed the Chief Executive of the Environment Agency in the village.

We support the Parish Council and Roger Jackson who are working with Robert Jenrick MP.

If you have an interest in helping out please let it be known to any of the contacts above.
