

Google Lens enables you to take a picture of something you've lost in the flood and it not only identifies it, but then looks up where you can get a replacement (e.g. on Amazon), and the prices for comparison. This is a great way to identify exactly what you've lost get a replacement value and have an audit trail to give to the insurer.

Instructions

1. On main Google search screen click camera next to microphone in search bar
2. You can either leave the search function below the screen as just 'Search', (or you can scroll across and select 'Shopping')
3. Click the Camera icon (or trolley icon) under the words 'Google Lens'
4. Take the picture and it shows some comparable options in a list below the screen
5. Scroll down to find the exact match. Click and it will take you to a website.
